➤ *Organizational chart and processes*

Our organizational Chart is as below:

➤ *Nature and Extent of involvement of Faculty members and students in academic affairs*

Primarily the organization promotes initiatives to indoctrinate the spirit of research among faculty members and students. These initiatives are as follows: Education, Training and development as well as Research on Information & Communication Technologies and IT-enabled Services has been the main point of focus of the institution. These have been globally recognized as embryonic areas of rapid growth. This is done keeping in mind the enrichment of employability among graduate level students. As such, the Institute is committed to evolving excellence in education, training and development and also research. The institution is committed to promote the development of effective knowledge base in all students and obligation towards values among all staff members. Facilities can avail facilities such as flexibility in timings, use of laboratories etc. as per necessity. The organization encourages all faculty members to go for research and Increasing publications from both faculty and student sides are also a focal point maintained by the organization ever since its inception, Financial assistance are also provided as per requirement in all the above mentioned cases. The organization also encourage the students and the teachers to bring into life any innovative ideas nourished by their brains. The Organization also emphasizes on preparation of course materials, lecture, tutorial and laboratory delivery, assessment and feedback. The primary focus of the faculty members are to develop thinking abilities both logical as well as out of the box and also problem solving, analysis, design, team work, communication skills that would be preparing the students for lifelong learning. Innovative techniques and interactive lectures along with guided case studies, literature survey, regular lab assignments, project work are used by faculty members promoting critical as well as creative thinking. The faculty stresses active and collaborative learning that makes their teaching learner centric. Labs are utilized for skill development promoting application of different practical competences. Every Department have their own Departmental visions, objectives and roles helping in the overall development of the students. The organization always motivates students to participate in professional, curricular and co-curricular activities both within and outside the Institute. System of student mentoring has been put in place way before the university had made it a mandate. Feedback is scrutinized at Departmental levels as also through different committees in order to take in and embrace new and logical suggestions.

To promote the extra-curricular activities, the organization encourages various activities through annual cultural and technical fests, various events both academic and non-academic, parties, outings and other extemporaneous activities to sustain high levels of enthusiasm and integrated collaboration. These activities not only serve as a retreat from deep academic pressures but also presents the students with an opportunity to develop confidence, encourage teamwork and inculcates within the students a sense of achievement and belonging.

➤ *Mechanism/ Norms and Procedure for democratic/ good Governance*

Transparency between internal stakeholders are what we believe, is the key for smooth functioning of any organization. Primarily, to encourage transparency of views, the management plans intermittent meetings, of different sorts including departmental ones and also one-on-one in order to analyze and understand employees' points of view. These interactions, brings in generation of new ideas that helps in the betterment of the institution. The activation of the Internal Quality Assessment Cell (IQAC) is a proof of this revelation. The management is also specific regarding an 'open-door policy' where, if need be, employees, students as well as guests get to discuss related matters directly with the authority.

The students and the staff members are informed duly of the proceedings and actions of the college from time to time through notices, circulars, website uploads as per necessity and requirements. Further, committees such as Examination committee, Cultural committee, Sports Committee, etc. are formed in order to look after events involving both students and staff members both academic and non-academic. The memberships and headships in different committees also motivates employees and make them consider themselves as an essential part of the organization.

Finally, to address complex issues or grievances, committees and cells as Grievance Redressal Committee, Anti-Ragging Committee, Disciplinary Committee, etc. have been bestowed with responsibility to address these issues without negotiating on the privacy. Besides, for day-to-day management and upkeep of college activities, Library Committee, Website & Internet Committee, Training & Placement Committee and the likes play important roles.

➤ *Student Feedback on Institutional Governance/ Faculty performance*

Feedback regarding Faculty members are taken from students once every semester. The various parameters on which the assessment is made are:

- Subject Knowledge,
- Quality of Teaching,
- Content and Method of Delivery,

- Resourcefulness,
- Academic input,
- Communication Skills,
- Readiness of teacher,
- Accessibility of Teacher,
- Availability of Teacher in Campus/ Department.

The feedback is signed by the Director and sent to the particular faculty member through the respective Heads of the Department.

Parent-Teacher meeting is conducted once every semester. During these meetings, parents are informed regarding the attendance, academic performance of their wards' for that particular semester as well as regarding the knowledge procedures followed by the institute.

➤ *Grievance Redressal mechanism for Faculty, staff and students*

The Grievance Redressal Cell is formed to investigate the grievances and recommend action plans to be originated at the institutional level for the redressal of a given problem. Any student or staff might approach the member of the committee if he/she has any grievance concerning academic and non- academic issues and the committee would take immediate and necessary action.

The learners approach this Cell in case there are any grievances related to their academic and non- academic matters. The cell redresses the grievances with immediate effect. The management and the Grievance Redressal cell scrutinize all complaints. HODs, Principal and Director regularly looks after the filed grievances on day-to-day basis. The college assures students that once a grievance is filed, it would definitely be looked after but also with confidentiality.

Moreover, there is a different mechanism to report the issues related to women and their grievances.

Objectives:

- To initiate proactive measures to redress the grievances of the students.
- To provide a support system for the students to address their grievances.
- To analyze the complaints and representations of aggrieved students and to take action with the appropriate authorities for redressal.
- To get suggestions periodically from the students for improvement.

Type of Grievance

1. Grievance related to physical or mental harassment of staff members or students
2. Grievance related to Working culture of staff members
3. Grievance related to Welfare Measure of staff members or students
4. Grievance related to Feedback in both academic and non-academic aspects.
5. Grievance related to Safety Measures of staff members or students.

The complaint management mechanism is carried out in three levels in the institution

- The concerned class Coordinators, Mentors and Departmental Heads attends the departmental level grievances.
- The student coordinators and staff coordinators of Grievance Redressal cell act as facilitators to communicate and sort out the grievances at the department level.
- Unsettled grievances at the departmental level are further referred to the Grievance Redressal Cell of the organization. The students can then approach the Grievance Redressal Cell of the organization with their complaints. Depending on the seriousness of the problem, the issues are settled by the Cell or forwarded to the Principal or Director in consultation with other members of the management, parents and faculty as required.

➤ *List of facilities available*

- **Games and Sports Facilities:** The organization has a sports committee. A senior faculty member is nominated as the convener of the committee along with a selected body comprising of faculty members and students. The committee conducts all types of sports activities. We have dedicated grounds for Cricket, Football, basketball, volleyball, etc.
- **Extra-Curricular Activities:** Extra-curricular activities help in highlighting particular skill sets or interest students apart from their academic activities. They help students introduce themselves in activities related to culture & traditions, better time management i.e. how to balance their academics along with their hobbies & interest. Therefore, our organization organizes various programmes such as induction programme, fresher's welcome, cultural meet, farewell, etc to add more vibrancy in the campus. Workshops, Conferences, Project exhibition for students, lectures by industry experts etc. are also organized on a regular basis.
- **Soft Skill Development Facilities:** Soft skills are a combination of people skills such as communication, leadership, presentation, personality development skills etc. Soft skills training include added advantage apart from having technical knowledge in respective fields of study. Our institution provides special soft skills developments facilities to students with a view to enhance their employability and sustainability in the industry. Every department conducts at least 20hours per semester for soft skill training.
- **Medical Facility:** At least one doctor is present 24 hours a day to treat ailments of all related to the organization. A dedicated medical facility is available within the campus. The college provides all type of medical facilities to all related. Apart from this, a dedicated vehicle is omnipresent to rush any serious cases to the nearby hospital at the earliest.

At Seacom Engineering College, we believe that knowledge is inestimable. As such, planning ahead of implementation is a work half- done & with clearly informed dates regarding the action plan, our academic calendar is tailor made to suit the requirements of our students. Our attitude, that is student focused, helps us in continually maneuvering the path for arranging workshops, seminars in every academic session, relating to recent technical progress. Eminent professionals are invited, to make the continuous evaluation process prosper through their technical knowledge, ultimately leading to the betterment of students, organization and the society at large..

17. Best Practices adopted, if any

The aim of our organization is to face-lift and legitimize students' advancement from vivid cultures ranging from ne'er-do-well sections to prosperous ones. One of the best practices of our organization is **“In Service of Humanity”**. It facilitates dignity, happiness and righteousness in the service of mankind. We at Seacom believe that humanity lies in serving the society at large not only in terms of imparting knowledge but also in structuring their personality, magnetism and humankind to be dedicated to the service of the society. This helps the students in exploring their potential to the fullest.

Practices like Imparted learning are adopted by our organization, using power-point presentations. This helps the students to organize their thinking process and shape up their professional skills, using **audio-visual aides** (such as screening of films and plays, displaying paintings, photographs etc.). We seek help of experts from certain given fields apart from academics in order to **promote wellbeing**. Through a **practical feedback process, open communication**, with adoption of quality maintaining practices like quality circles within faculty and staff we inculcate an **ethos of critical thinking** and holding an array of **in-depth analysis**, for the appraisal and betterment of the organization. The college has managed to elevate members from unprivileged backgrounds into self-reliant, career oriented human beings.

This is also possible through the individualized **mentoring** that the teachers provide to the students. The students are directed to turn into professionals with expertise and sound technical quest and sense. Our **college library** with its varied collection of books, journals, magazines and e-resources also opens a window to the wider world for the students.

Students regularly take to **working for organizations and in distribution of help for the SERVICE OF HUMANITY**, while also undertaking academically driven **research projects of applied nature both in experimental and analytical fields**. Various departments of the college affiliate themselves and work in **collaboration with nationally acclaimed associations**. The students here are empowered through educational and co-curricular tasks alike to be better citizens and leaders in fast-changing culture of the country. Reputed organizations have come for **campus placements** over the years and have also recruited many of our students.

We organize professional sessional trainings and also Technical Industrial Visits to improve the competency of technical knowledge and skills. This gives them exposure to professional life and to the aspect of their job responsibility.

Apart from these we also inculcate sensitivity and **responsibility towards environment** in our students. To make the campus eco-friendly, the college maintains three ornamental gardens. We appreciate biodiversity through our herbal garden.
